A **Plot Fee** of **\$25** is required before each plot can be assigned. This fee will go toward expenses for the community garden (water, good dirt, community tools, general upkeep, postage, publicity, future improvements, insurance, other costs that arise, etc.) Plot assignments are based on those who submit registrations first but multiple plots are based on supply and demand, so we encourage you to apply for what you hope but know we cannot guarantee multiple plots at this time. We want to allow space for as many families as possible to have gardens.

A **Clean-Up Deposit** of an additional **\$15** is required before each the plot can be assigned. The separate clean-up deposit will be returned to you in the fall after you have removed all of your plants and cleaned your plot. This check will be held (not cashed) unless you abandon your plot, fail to clean up in the Fall.

Plot Fee: _____ x \$25 = _____ Check #1 (will be cashed)
